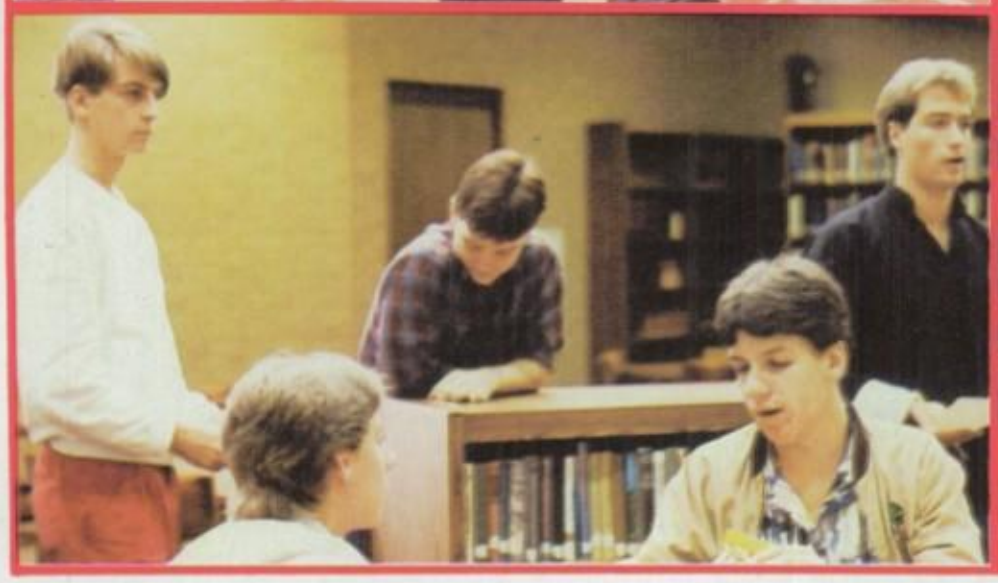
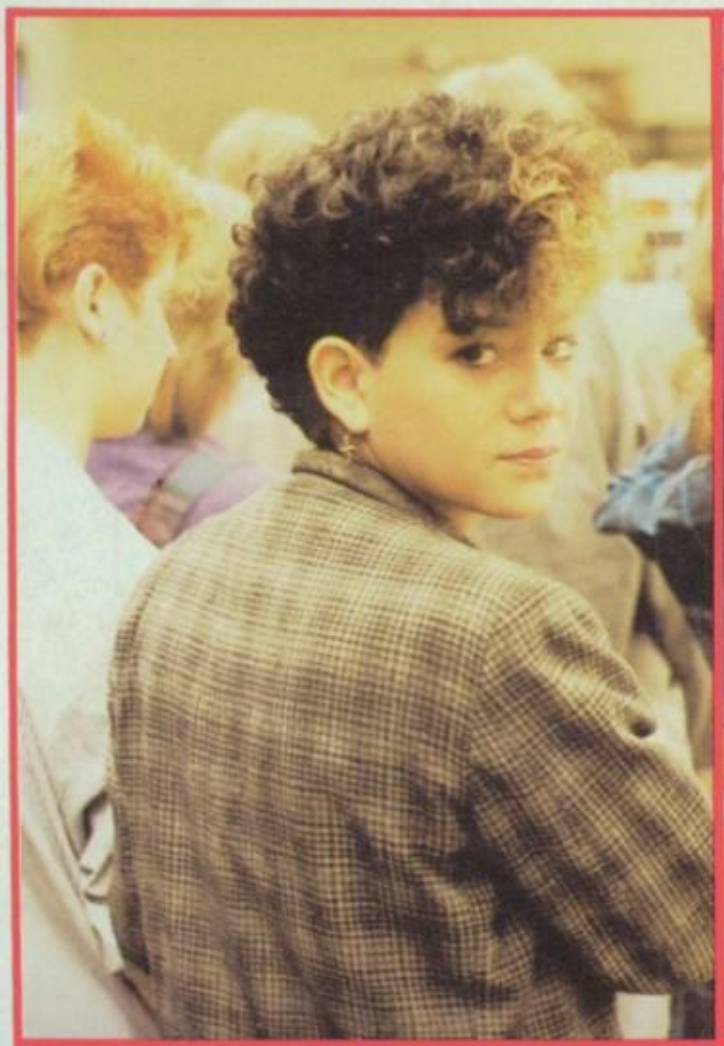
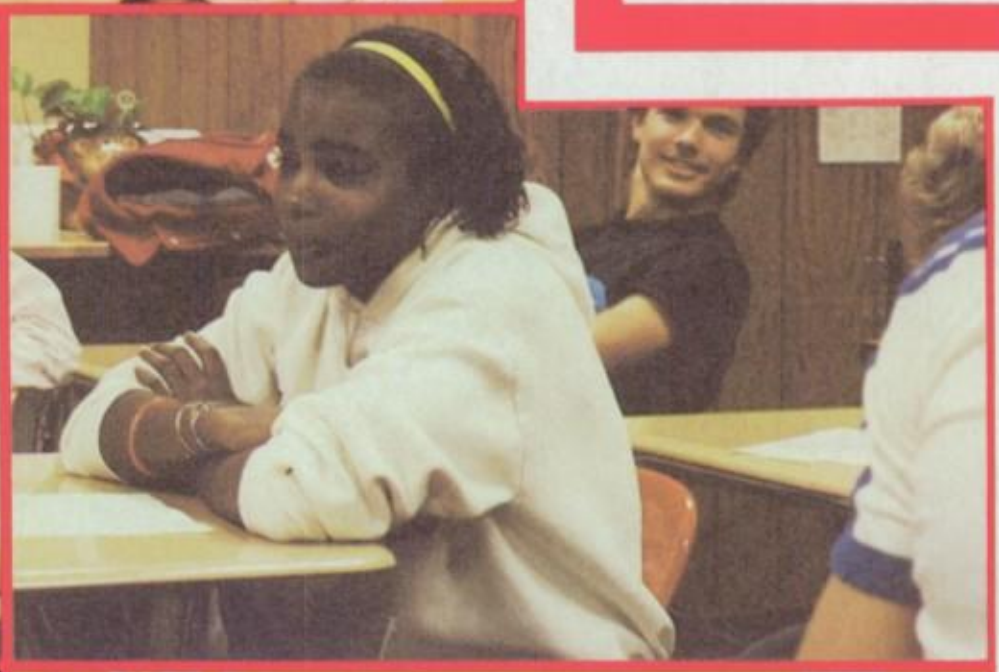
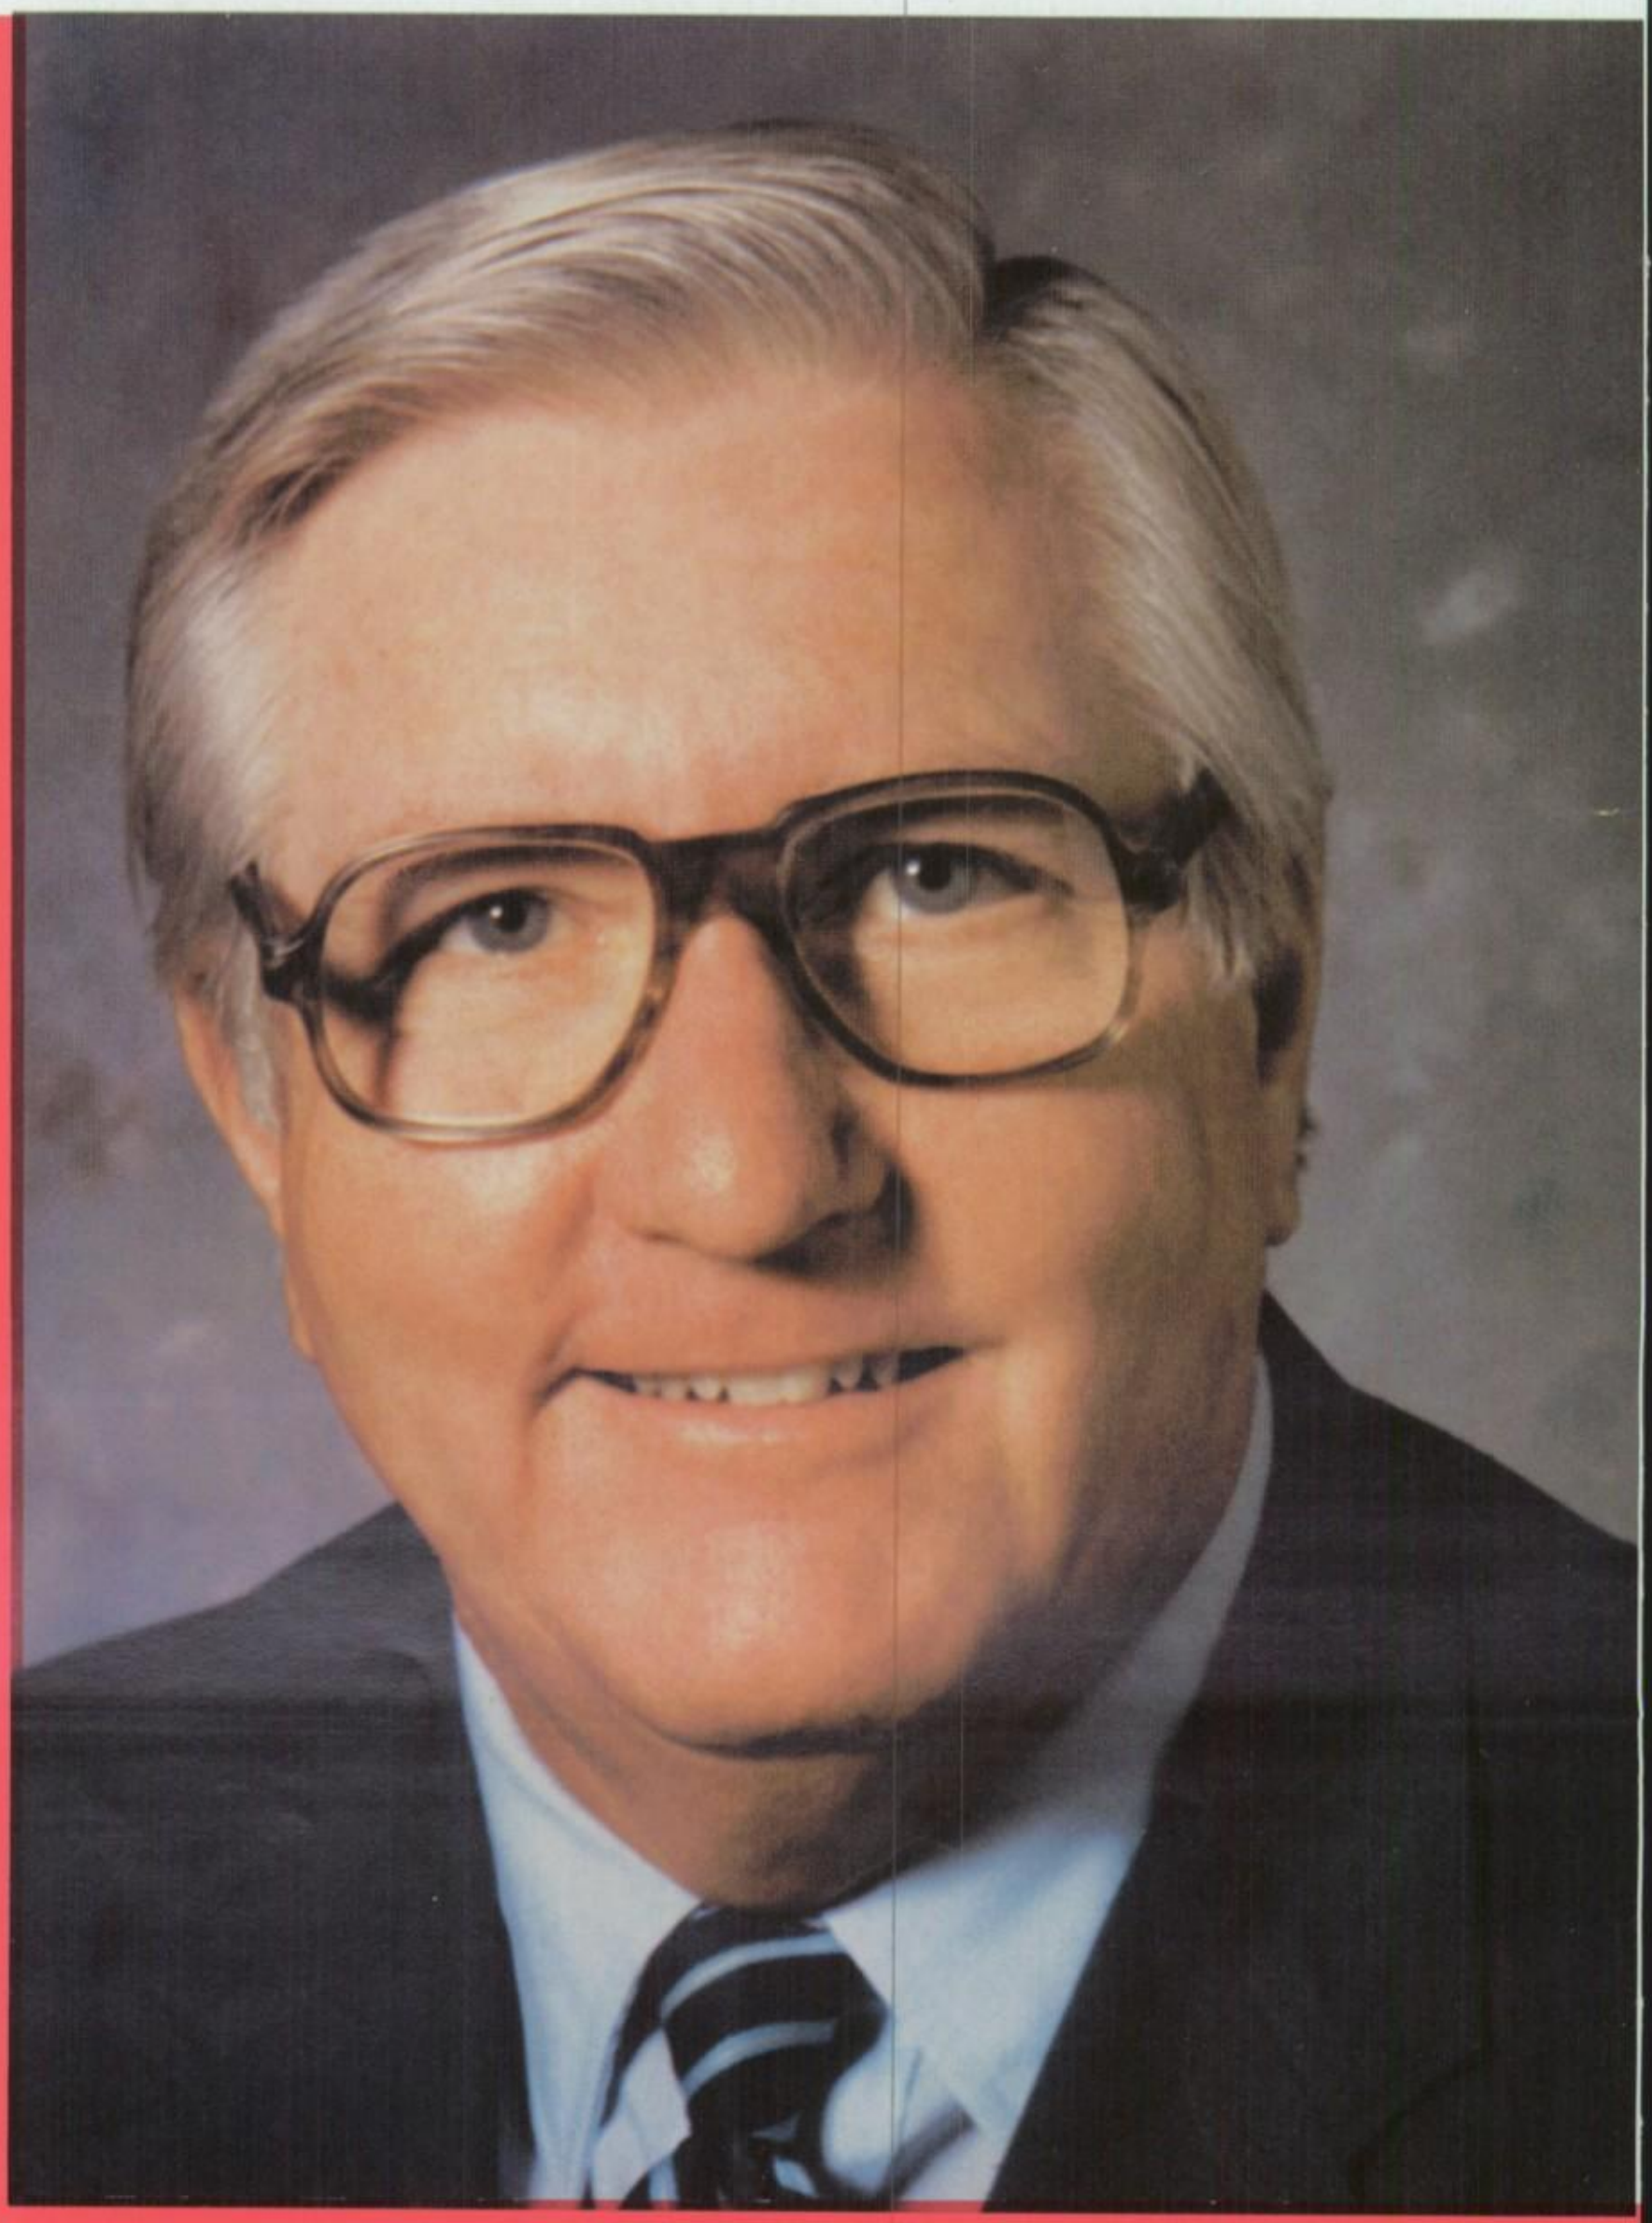
GLORY DAYS . . .



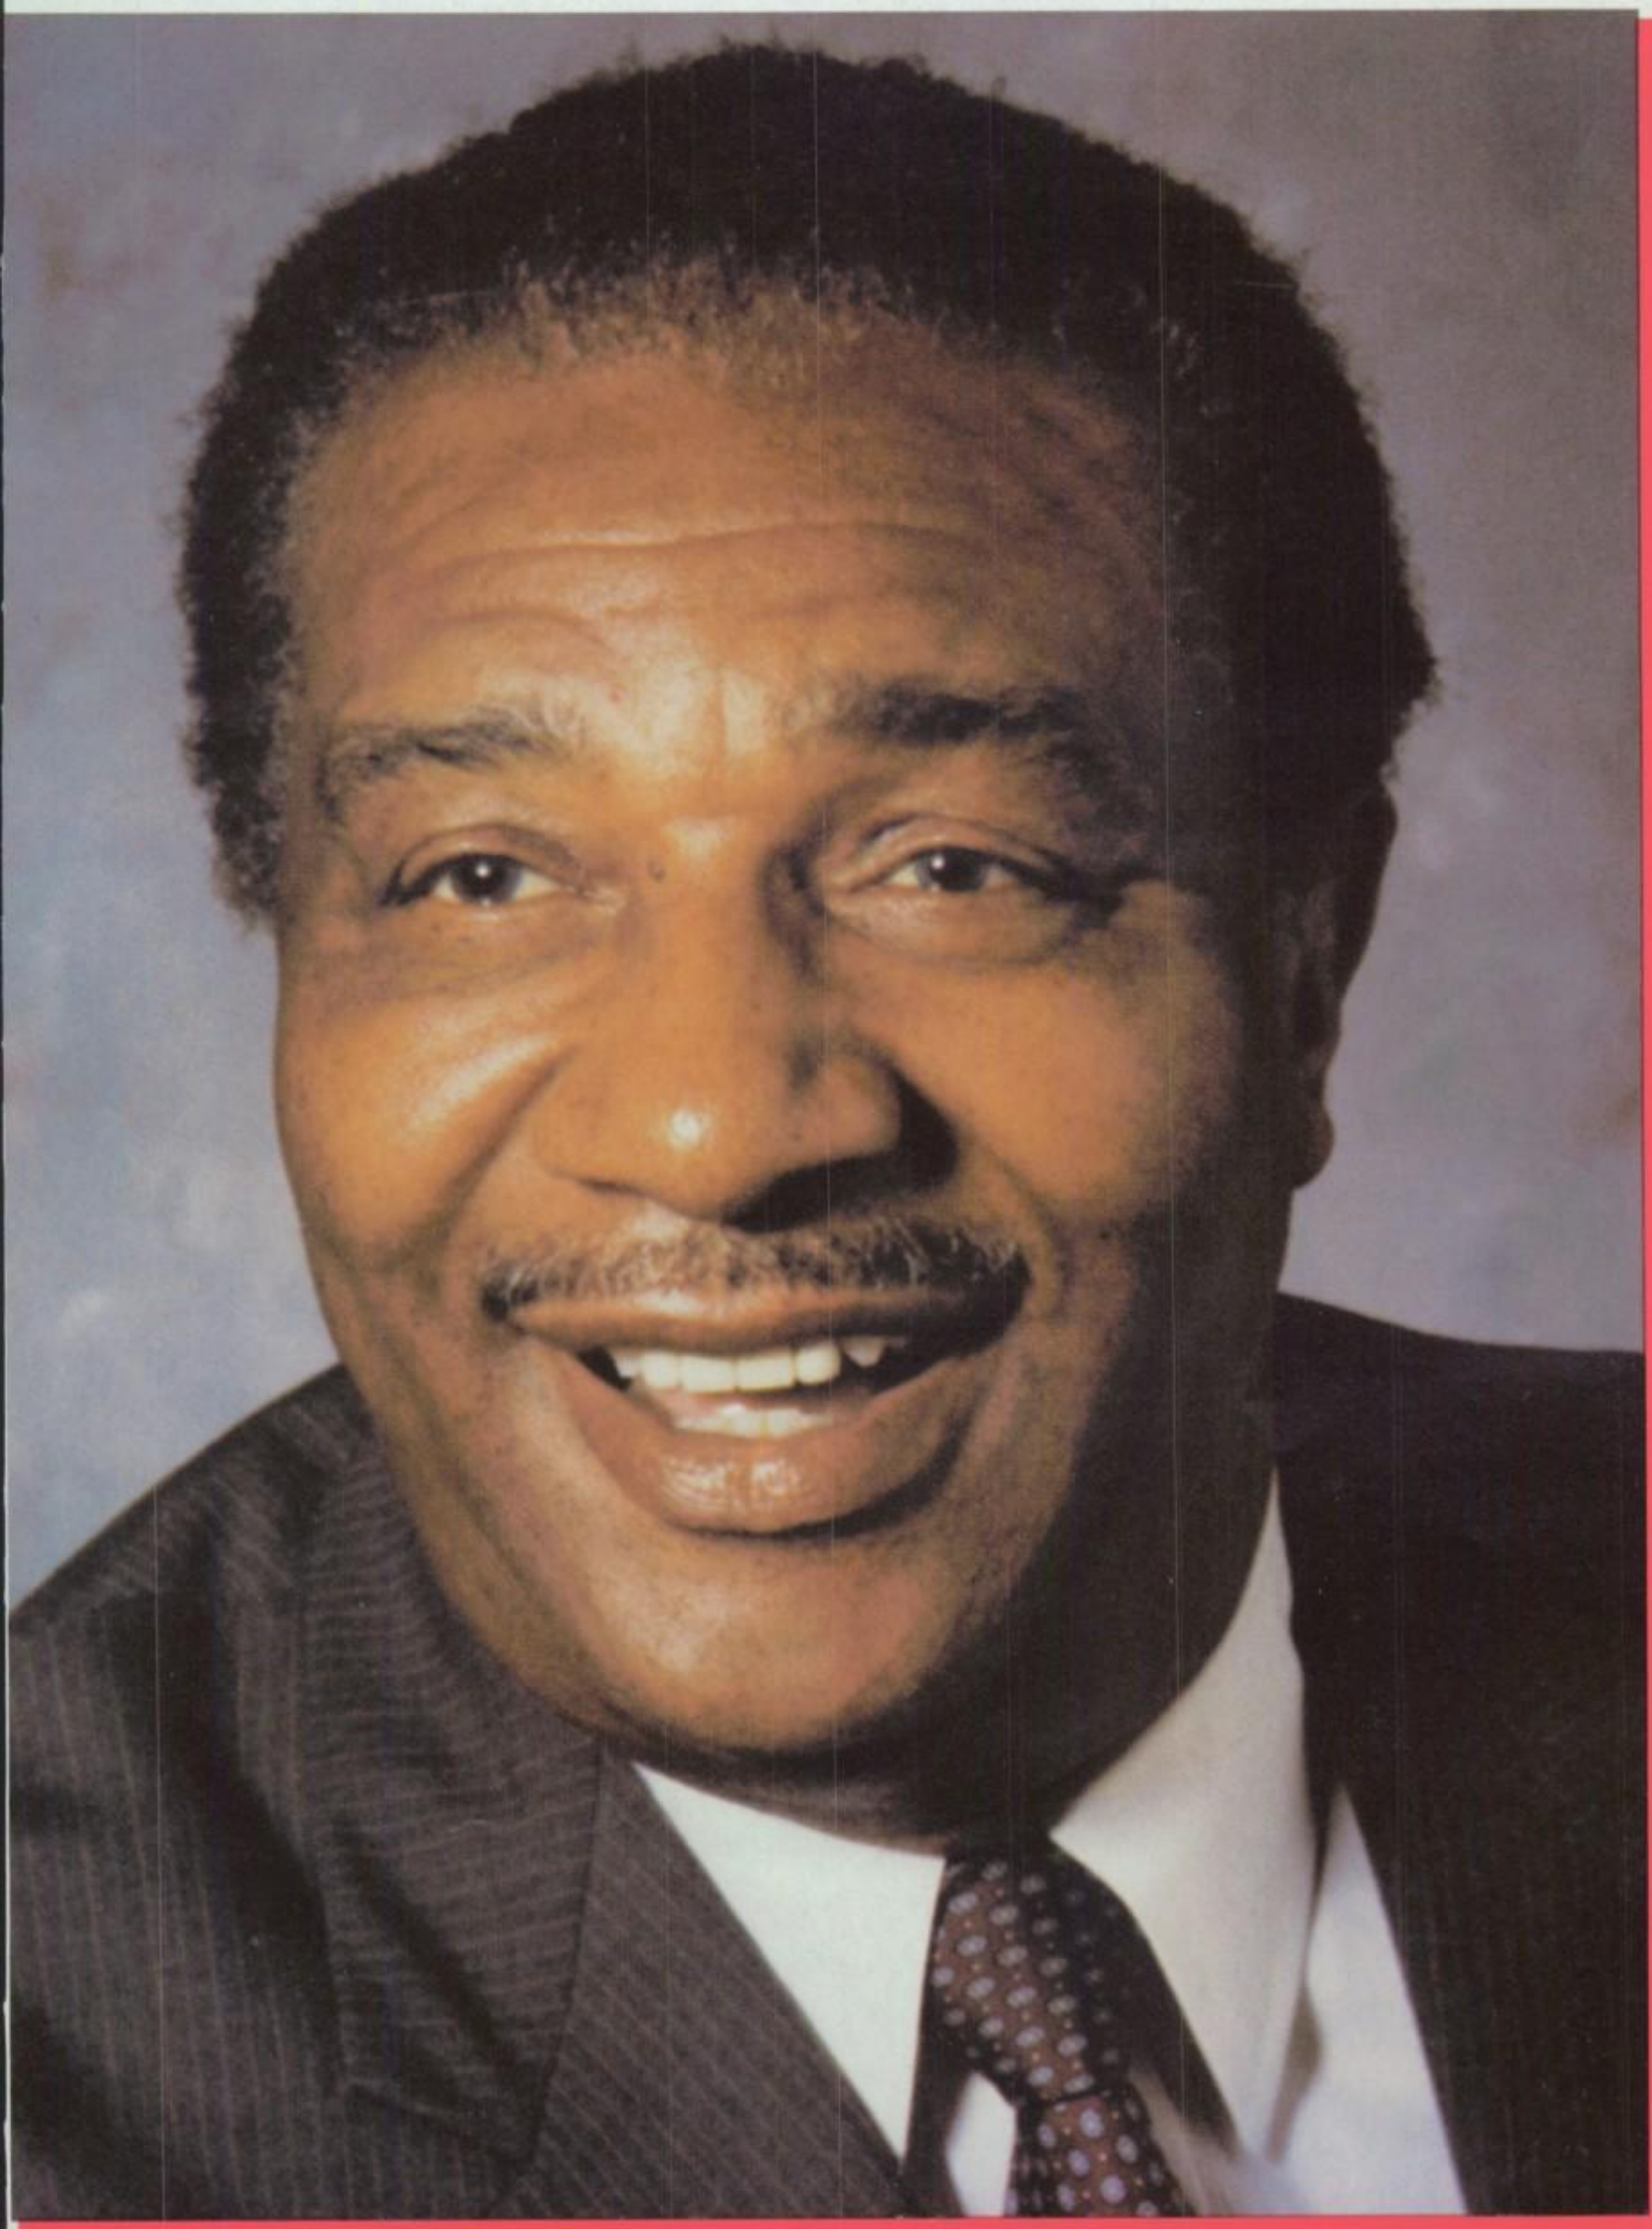
. . . GLORY DAYS







A caring attitude and a loving spirit toward his students are only two of the reasons the 1986 LION is dedicated to MR. KEN GIBSON. His 31 years with the Greenville Independent School District have included the roles of classroom teacher, coach, and administrator. In 1971, "Coach Gibson" left the classroom to become an Assistant Principal at GHS. This dedication is only a small way to say thank you to a man who has made education his life.



A warm hello, a listening ear, and a firm hand are three of the characteristics students respect in MR. L. P. WATERS. Mr. Waters began his career in education at St. Paul's High School in 1951 and later became Principal of Carver High School in 1960. During the consolidation of GISD high schools, Mr. Waters became an Assistant Principal at GHS in 1968. Mr. Waters has always given his best to the students at GHS and that is why he deserves the dedication of the 1986 LION as one of his honors.

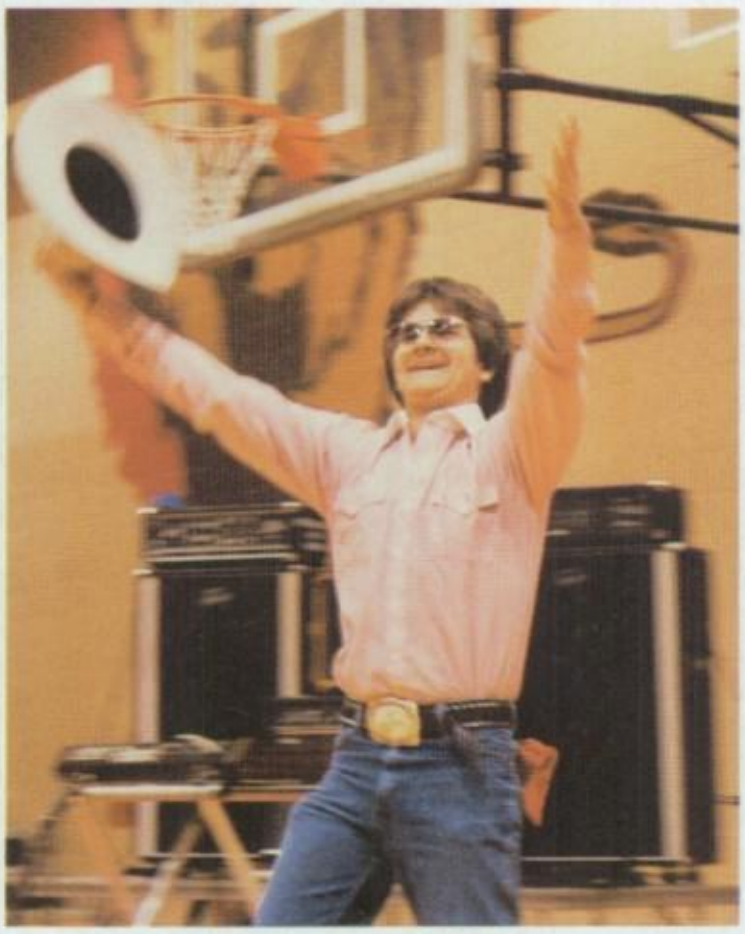
TALENT SHOW



The wide array of talent displayed at the G.H.S. Talent Show helped to set the mood for the Christmas holidays. Oodles of anxious people squirmed in the boiling heat awaiting the oncoming performers. There was singing and dancing as well as rapping and breaking. "Face Reality" jammed in the gym with a song by U2, while John Dawson filled the room with dancing melodies on the piano. New faces including Michelle Cline and the "Fresh Women" proved to make it all worth the wait. Santa Claus made a surprise appearance with the well known "Fresh Crew." Even though the performances were tops, John Clawson took first place followed by Daybreak and the Boys Quartet. The talent show was a big success and we'll all await next year's show.

The Greenville Varsity Football Team of 1985 was made up of many juniors and seniors who had a strong determination and a great love for their sport. Coach Callaway was very impressed with the strength of the team's spirit. All the high school students and the Greenville community were supportive of the team's efforts at every game. It was evident to all who watched that every team member put all their heart into each play.

Their victories were over Plano and Richardson, and they tied Plano East. Coach Steve Jones stated that he was looking for success from these young men as they progressed with their athletic careers at G.H.S.

Team displays determination

The 1986 Greenville Lion Varsity Basketball season ended with a 12-19 record. The team played well despite adversity and the "No Pass No Play" Rule, but often lacked the breaks they needed to win.

Highlights of the season included two wins over Bryan Adams, and a win which eliminated Berkner from the playoffs. The final game of the season had an exciting ending when the Lions tied the game in the last two seconds and went into overtime.

Senior David Young made First Team All District and Willie Brigham received the "Sophomore of the Year Award."

The team displayed a "No Quit" attitude and always played with an unrelenting spirit.

Junior Varsity

The 1985-86 Junior Varsity basketball season ended with 10 wins and 15 losses. Although the team lost seven players due to the no pass/no play ruling, they came together after facing adversity and were able to win the last 2 out of 3 games. Junior Varsity members were able to play better because of hard work and belief in themselves.

Outstanding members included the entire team:

Although their victories were few, the season of 1985 was a growing experience for the girl's varsity volleyball team. Coach Sue Mudie feels the girls have a head start on the next season because they have learned to work together as a team.

The team included four seniors, Jennifer Baker, Mae Riley, Sharon Morris, and Tamala Fisher. Jennifer Baker was selected second team all district. She also received, along with sophomore team member Patsy Jefferson, the East Texas Honorable Mention Team honor.

The Girls Varsity Basketball Team had a victorious season. They tied the GHS record for the most victories by any girls team with a season record of 17-10. Their district record of 8-6 left them just one game short of receiving second place in the district and going to the state playoffs.

Team member Patsy Jefferson made First Team All District for the second year. Jennifer Baker and Ella Neal received Honorable Mention All District.

The girls could not complain considering this year's accomplishments, but those returning in 1987 hope to go even further.

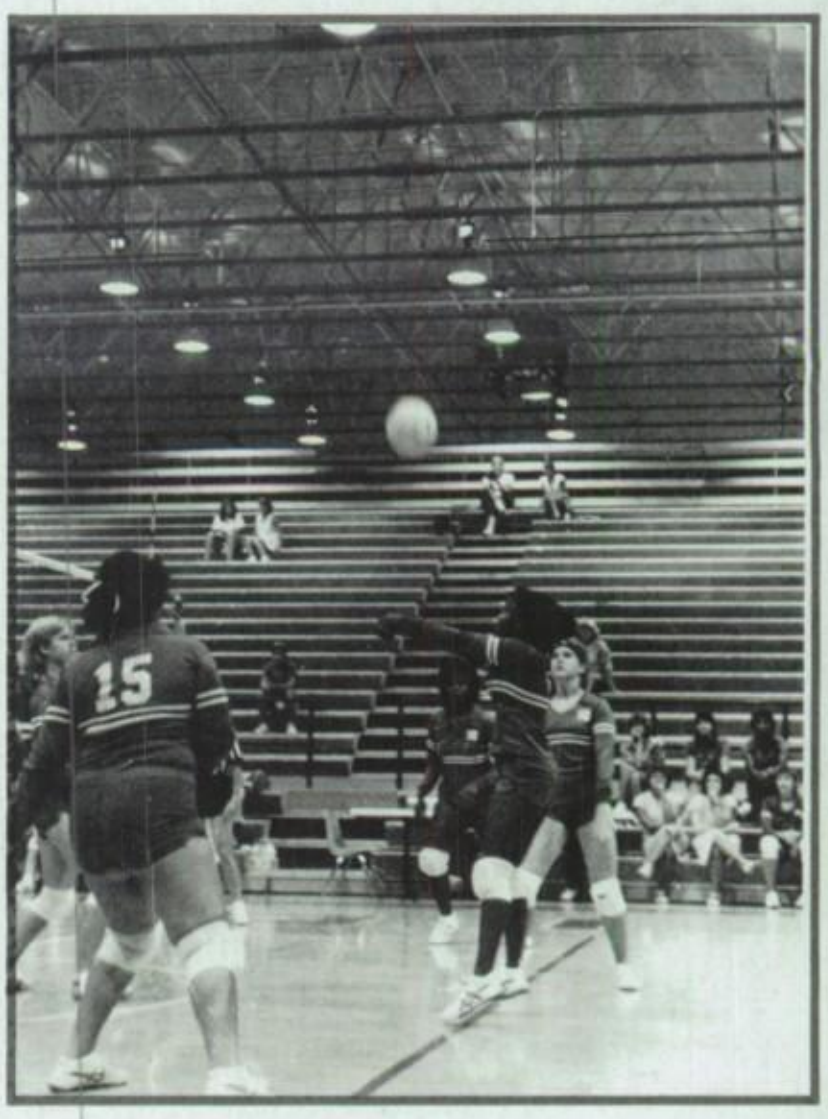
Team members Billie Adams, Holly Burrus, Vickey Marquez and Nettie Cowgill were able to move to the Varsity team for the last game of the season. The girls were coached by June Watkins.



Girls JV Basketball . . .

"I give everyone on my J.V. team a chance to play," girl's basketball coach Sue Mudie stated. She views her Junior Varsity team as a building program for the Varsity team. The season record was 6-8. Team member Darlene Benton scored a high game of 24 at Plano East, and Billie Adams scored a high of 21 in the J.J. Pearce game.

BASEBALL

Batter Up!

Confidence between the new Varsity Coach Tim Lundquist and his team was built by increased communication. The first game was lost, but baseball players never quit. They won the next two games in a row. Team captains were Todd Spaulding, George Sellers, and Bryant Anderson. The following were remembered for extra effort: Bently Burrus — comic relief, George Sellers — spirit keeper, Jamie Hightower — catcher of the best sun glares, and Bryant Anderson — for that wonderful homerun at Plano East that just did not make it. The 1985-86 season was shortened new Varsity member Mitch Taylor when he reinjured his ankle in the tenth game. Overall the season was a success for the new coach and GHS.

Varsity Golfers

The 1985-86 golf season started with the Garland Tournament. The returning Varsity of Matt Webb, Derrick Ransom, Dallas Peters, and Brent Mudie attributed to the team's success by placing second at Garland against 24 teams. After placing fourth at Denton out of thirty-four teams, Coach Lee Leonard returned home to prepare for the Dallas Invitational Tournament. The next Varsity game at DIT helped them to prepare for their first district game in Plano, Texas. These young men were extremely dedicated and hard-working. Their diligent practice was greatly rewarded.

Although their season looked dim at its beginning, the 1986 Boy's Varsity Track Team showed great improvement in the Cardinal relays in Irving on March 15. Many of the team members brought home medals, several being for first place. The 400 meter relay team, which included juniors Brad Taylor, John Jackson, Roger Hill, and sophomore Curtis Sims, ran their best time of the season. Jackson and Hill also ran with Curtis Sims and Senior Jessie Morris, in the 1600 meter relay team which ran its best time as well. During the Irving meet, Sims won his first 100 meter dash. Coach Jones and Coach Ford felt the boys would be as successful in the Jesuit meet on March 29.

yearbook staff

Under the direction of Paula Ballew, the LION staff was composed of 25 members. These members learned how to develop pictures, write copy, draw layouts, and, most of all, be responsible.

The year got started with a summer workshop in August and a field trip to Taylor Publishing Company in Dallas during the fall.

From there they sold advertising to pay for the yearbook costs and to buy prizes awarded in the Annual sale drawing. The money left went towards buying each member a letter sweater or jacket.

OLYMPICS OF THE MIND

Olympics of the Mind is an extracurricular school program now operating in more than 3,733 schools throughout our country, and in other countries, around the world. Its founders are two New Jersey educators, Dr. Ted Gourlet and Dr. Sam Micklus, who believe that mental games can be played with the same enthusiasm and competitive spirit as physical games and that the mind, like the body, can be trained through practice and exercise to reach its fullest potential.

Olympics of the Mind combines the excitement of an athletic competition with the fun-filled mental gymanstics for youngsters. it provides "creative problem solving" for all ages, offering the thrill of seeing their imaginations at work, constructively. Like the ancient Greek athletes' contests and their modern-day counterparts, "creative problem solving" provides training and competition requiring diligence and hard work for participants. However, students don't have to be athletic nor do they have to spend a lot of money to provide a fun-filled creative, enriching program.

This year GHS had four different OM groups. Three of the four teams won the bronze medal and the fourth team won the gold medal at the SMU OM competition. The gold medalists advanced to the state finals where they won first place. Assisted by their sponsor, Mrs. Judith Schroeder, the OM groups did a remarkable job this year.
